CREATIVE SOLUTION

Sport Sphere is a mobile app that helps users find nearby sports facilities and connect with others who share similar athletic interests, based on preferences like sport type, skill level, availability, and privacy. It includes both map-based and list-based search features, with facility profiles that display key details such as distance, crowd size, accessibility, and user ratings.

Social features are central to the app, allowing users to add friends, share facilities, and join or create public and private events. To boost engagement, the app also includes a gamified reward system that offers points and ranking levels to motivate consistent use.

Hey, long time, whats up
Hey man, its been a while
will you be at the court next week?
Yes!, im planning to go Tuesday
